

Regarding Neighborhood Closure Announcement.

Given the high density of foreigners in various regions of our country, our Ministry has previously *closed 781 neighborhoods in certain provinces to temporary protection registration, international protection registration, residence permits, and changes to the province of residence of foreigners under temporary protection or international protection and residence permits, excluding newborn and nuclear family reunification. As of July 1, 2022, the number of closed neighborhoods has been increased to 1,169, and the details are listed in the appendix.*

It is respectfully announced to the public.
